

The HT-3000 from Delmhorst

For nearly 60 years, Delmhorst Instrument Co. has been the leading manufacturer of resistance-type moisture meters. Our products are widely used by flooring contractors, painting and general contractors, restoration specialists, home inspectors, IAQ and mold remediation specialists.

Now, the same superior quality found in our moisture meters is available in the **HT-3000, a thermo-hygrometer that provides Temperature, RH, Dewpoint and GPP (grains per pound).**

HT-3000	
	<p>Features:</p> <ul style="list-style-type: none">• Selectable Screen Displays• Relative Humidity Range: 0-100% with up to $\pm 3\%$ accuracy• Temperature Range: -4°F to 128°F (-20°C to 70°C) with up to $\pm 1.8^{\circ}$ accuracy• Dew Point Range: -40°F to 176°F (-40°C to 80°C)• GPP (grains per pound) Range: 0.55gpp to 3868gpp• Fast Response Time• Data Hold Feature• Automatic Power Down• 1 Year Warranty• Rugged Carrying Case

Whatever business you're in, a Delmhorst moisture meter will help ensure the quality of your work and minimize costly problems. The HT-3000 is an effective way to control the effects of humidity for various applications. Use the HT-3000 in conjunction with one of our moisture meters to determine the air quality and identify the presence of moisture.
