

Munsell Books Of Colour

Book Of Colour - Glossy Collection

This book is the "master atlas" of Munsell Color. It contains over 1,600 removable high-gloss colour samples on 40 constant-hue pages. Additional pages of Munsell grays, supplementary accent colours, neutral value scale and gloss scales are also included.

Book Of Colour - Matte Collection

For projects that require colours without surface gloss, this book gives you 1,300 permanently mounted matte colour samples on 40 constant-hue pages. Additional 31-step neutral value scale is also included.

Nearly Neutrals Collection

This collection of over 1,100 pastel colours meets the needs of projects that require near neutral, subtle colours. The matte colour samples are mounted on 20 constant-hue pages plus one Nearly Whites constant-hue page. A separate fan deck is available showing each of the nearly white colours in the size 2 x 8
